Registration requirements

I acknowledge that the company concerned may refuse, in whole or in part, to accept me as a voting shareholder, based on legal restrictions on registration. I declare that I am registering the shares :

for my own account and as my legal and economic property and not on a fiduciary basis or otherwise for any third party

Authorization for inspection

The custodian bank is authorized to make this application available to the company concerned, or to advise the company of the information furnished here as well as subsequent changes. This also applies to changes which the custodian bank learns of by virtue of my banking relations. In case of safekeeping at home I undertake to inform the above company of any changes in the information provided here.

Power of attorney to transfer (only for registered shares not affected by the intermed securities)

I herewith authorize the company concerned to endorse or transfer my shares in my name in the event of subsequent sale. This power of attorney also applies to shares previously registered in my name. This power of attorney does not expire upon my death or incapacity and can only be refused by written memorandum and physical submission of the certificates to the company.

Deferred/suppressed printing of securities

I acknowledge that the order to transfer uncertified registered shares as well as to print and to deliver certificates can only be granted through the custodian bank. Shares of various companies are available in uncertified form only (suppressed printing of securities). In such cases, I may not claim to print or to deliver such registered shares certificates. However, upon request companies would be prepared to confirm my registered position in writing.
